

SEVENTEENTH YEAR.

EARLINGTON, HOPKINS COUNTY, KY., THURSDAY, FEB. 8, 1906.

No. 6

FIRST ANNUAL FARMERS' INSTITUTE

Will Be Held at Frankfort Under
Auspices Agricultural
Department.

FINE PROGRAM BEING ARRANGED.

Frankfort, Ky., Feb. 8.—Commissioner Vreeland, of the State Department of Agriculture, is preparing for the first annual State Farmers' Institute to be held at Frankfort, February 27 and 28 and March 1, under the auspices of his department, "for the development of Kentucky's agricultural and kindred interests."

The object of the State Farmers' Institute is to bring the farmers of the State into closer relation with each other and with the Department of Agriculture for their mutual benefit, to interchange ideas, to encourage legislation for the benefit of the farmers and to lift Kentucky to the forefront of agricultural States.

The Institute is to be the central body of farmers in the State and it is to be made a permanent institution. The local clubs or institutes are to become members of this body, and they will be expected to send delegates to the State Meetings to take part in the deliberations, and to present the needs of their respective counties. The State body will work in conjunction with the State Department of Agriculture and will strive to bring the farmers and the Department into close contact with one another so that the farmers may be enabled to get direct and substantial benefits from it.

While the programme has not yet been completed, some of the most eminent lecturers in the country have been invited to participate and it can confidently be said that it will be one of the most interesting programmes ever carried out in this State. Among those invited to attend are, Dr. Cyril G. Hopkins, of Illinois University; Prof. G. Holden, of Iowa; Joseph E. Wing, of Ohio; Gifford Pinchot, head of the National Department of Forestry; Prof. Jas. A. Ketterson, of Kentucky State College; Prof. M. A. Scott, director of the State Experiment Station; State Entomologist and other men of national reputation, including a prominent road expert.

The Frankfort Business Men's Club will entertain the delegates at a banquet and other entertainment will be provided. The Legislature will still be in session and they will be invited to attend the Institute in a body.

New Firm for Madisonville.

Plain & Vickers is the style of a new harness and vehicle establishment in Madisonville. This firm has bought the interest of Mills & Son and will put in a large line of goods at once. This firm is composed of enterprising business men and they expect to carry a complete line of vehicles, saddlery and harness. Mr. Plain was formerly a member of the firm of Finley & Plain and Mr. Vickers has been with Charley Owen for a number of years. Both of these gentlemen have had considerable experience in business and will no doubt make a success of their new venture.

Pettus and Morgan Want Re-Election.

The oldest two senators, Morgan and Pettus, of Alabama, have announced their candidacy to succeed themselves. Gen. Pettus is 84, and will be 87 when his term expires in 1909. He served as a lieutenant in the Mexican war, crossed the continent on horseback in 1849, and served through the civil war, becoming a brigadier, later entering the practice of the law. Morgan is 81 and he also was a confederate brigadier in the civil war. At the end of his present term it is believed he will have served thirty years.

PENSIONERS MUST PAY FULL POSTAGE ON VOUCHERS.

Department Ruling Against Carelessness Which has Caused Expense to Government.

Louisville, Ky., Feb. 4.—Maj. A. T. Wood, United States Pension Agent, yesterday received notification from the Commissioner of Pensions, V. Warner, that, hereafter, all postage on pension vouchers must be fully paid before the checks for the amounts named in the vouchers can be made out and forwarded to the pensioners. Heretofore vouchers in great numbers have been received in the local office on which the postage has not been fully paid. It has been the custom for the Pension Department to pay the Postoffice Department the postage due and charge the item to the incidental account. Many of the vouchers of pensioners at a distance from the local office are executed by the postmaster and several of them sent in one envelope. Often three or four vouchers will be included in one envelope on which is placed only a two cent stamp.

The Government has lost large sums of money in the past," said Maj. Wood. "The Pension Agent in Louisville, yesterday afternoon, "is not putting a similar order into effect years ago. We have nearly 28,000 pensioners on the roll here in this office, and it is very apparent it would not take more than a small per cent of them to create a large additional expense by failing properly to stamp their communications to this office. Unless they act upon this notification their receipt of their pensions will be very much delayed."

Mr. and Mrs. Paul M. Moore Entertain.

Mr. and Mrs. Paul M. Moore entertained informally in a most pleasant manner Saturday evening at Oakmoor a few friends in compliment to Messrs. William and Archibald Young, of Louisville, who were guests of Clint Ruby, of Madisonville.

The evening was spent in social intercourse interspersed with delightful music, furnished by the young ladies. Dainty refreshments were served.

The guests were Mr. and Mrs. Will C. Morton, Misses Nevaline Morton, Ida Speed and Mary Ruby Morton and Messrs. Clint Ruby of Madisonville, William and Archibald Young, of Louisville, and Misses Elizabeth Victoria and Celeste Moore and Mr. and Mrs. Joe B. Atkinson, of this city.

President Appoints First

Indian to West Point.

Washington, Feb. 2.—For the first time, an Indian is to enter West Point as a cadet. A red man is to become a soldier in order to fight, if need be, side by side with the white men whose fathers fought his fathers and drove them back through the wilderness into the fast west.

In the designation of appointment as cadets at large, made this morning, President Roosevelt has named Paul Knapp, an Indian youth. All the other principals and alternates appointed are sons of army officers.

One of the interesting appointees is Thomas C. Thompson, a grandson of a former governor of the state of Tennessee. Still another is J. N. W. Neary, the son of an enlisted man of the United States army who was in service from 1861 to 1891.

May Move Henderson

Electric Street Railway.

Beloit, Wis., Feb. 2.—A. L. Rich, who heads the syndicate of Cincinnati people who have bought the local gas, electric and water plants and who has introduced a franchise application for an electric railway, will be believed, move to the city where he can obtain a franchise. It is said that the plant would pay better here than in the Kentucky city. It is possible, however, that he proposes to install a new system at Henderson and not risk the loss of an entirely new plant here.

KENTUCKIAN THE HEAD OF ARMY.

Gen. J. Franklin Bell Will Come Chief of Staff.

Wedding Gifts for Miss Roosevelt—Interesting Washington News.

possible that there should be any active supervision of railroad rates under it. Effective supervision would need, instead of seven thousand commissioners, seven thousand, said Mr. Perkins. Informed his hearers that trouble would come from the claims of contesting localities, in pressing which business interests would be made subservient to the interests of politics.

Washington, Feb. 5.—The wedding gifts that will presently pour in on the White House will be little short of dazzling in their magnificence. Foreign governments and crowned heads are apparently trying to outdo each other in conferring rich presents. The German emperor will give a magnificent dinner service, while France will be the donor of some priceless Gobelin tapestries. Even little Cuba has set aside \$25,000 to purchase a wedding gift for the daughter of the Colonel of Rough Riders. The jeweled presents being turned out by Tiffany in New York are said to be the most splendid ever made by that house. One of the first is a pearl collar of ten strands worth \$21,000. There are also being manufactured a diamond tiara, containing five hundred diamonds, two diamond collars and two bowknots of the same precious stones. A silver service, to be the gift of the Rough Riders, is nearing completion, and the officers of the regular army have ordered a full-sized model of a Krag Jorgenson rifle, made of 22 karat gold and bearing Miss Roosevelt's monogram on the stock in diamonds. The Roosevelt-Langworth engagement ring, made by Tiffany, is a five-karat solitaire, set in platinum.

A Kentuckian will soon head the army of the United States. It is announced that Lieutenant-General John C. Bates will be succeeded as chief of the general staff, on his retirement in April, by Brigadier-General J. Franklin Bell, now head of the Infantry and Cavalry School at Fort Leavenworth, Kansas. General Bell will at the same time be given the double stars of a major general, stepping into the shoes of General Frederick D. Grant, the senior brigadier-major. General George C. Gorham will be promoted to the vacant lieutenant-generalship, so that for the first time since the position of chief of staff was created, his holder will not be the senior officer of the army. This is in line with the newly adopted policy of reserving the rank of lieutenant-general as a reward for long and distinguished service, and placing at the head of the general staff a young, energetic and scientific soldier, who could not only prepare plans for warfare, but who would also possess the physical and mental vigor necessary to their execution. General Bell was one of the youngest general officers in the army. He will command the first West Pointer to command since the retirement of General Schofield in 1895, and its first commander who was too young to see service in the Civil War. General Bell entered West Point from Kentucky in 1874. The Philippine insurrection made his fortune. When it broke out Bell was a captain of cavalry. When the army was reorganized in 1902, he drew a brigadier's commission. Fifty years old last month, General Bell has fourteen years to serve before reaching the age of retirement.

The Hepburn rate regulation bill has already received some hard knocks in the course of the House debate. Representative John Wesley Gauges, during the first day's debate, took exception to the procedure for changing rates complained of, claiming that the Interstate Commerce Commission, the railroads, and the shippers were alike hampered by the bill as it stood, and that there was no provision whereby anyone, not a party to the original case, could obtain a release on a rate case, etc., by the Commission. Representative Perkins of New York, and "Joe" Sibley of Pennsylvania, have both spoken strongly against the bill. Mr. Perkins declares that it was im-

MODERN HOTEL FOR EARLINGTON.

Three Story Brick Structure Will Be Erected in a Short Time.

STOCK COMPANY BEING FORMED.

Earlington is to have a three-story brick hotel with stone foundation. This building will be erected three doors from the post office on the west side of the railroad and almost opposite the passenger station. It will be modern in all respects—steam heated, baths and electric lights. Three large sample rooms will be fitted up for traveling men. The rooms will be sufficiently large and comfortable and below will surround the building on three sides. A stock company is being formed with W. C. McLeod at its head to erect this building. There are one hundred shares at \$100 per share. Quite a number of these shares have already been taken by some of Earlington's representative business men, and it is only a question of a short time before all stock will be absorbed.

This hotel will fill a long felt want in Earlington and will prove a great convenience to the traveling public. The promoters are enterprise citizens and should receive every encouragement in their undertaking.

HOME FROM THE NAVY.

Eldred Davis Home After Four Years' Service as Ship's Apothecary.

WILL PROBABLY GO TO MEDICAL COLLEGE.

Eldred Davis is home again, after a four year's service in the Navy, as apothecary and sometime ship's doctor in detail of duty, and expects to remain on land for a time at least. Some of his friends are urging him to reinvest in the service of which he speaks highly and in which he has evidently fitted in successfully and congenitally. Mr. Davis will probably remain in the States for a time at least and then to attend medical college and finish his education as a doctor.

Mr. Davis has seen much of the "uncivilized" world during his service in the Navy and talks very interestingly of his travels. When he enlisted he was assigned to duty on the U.S.S. Marblehead and cruised in Central American waters. Later he was in the Orient and on the U. S. S. Solus visited Chinese ports. On another vessel he saw something of Siberia, Southern China, Japan and the Philippines and the Southern Islands. On a gunboat in the Southern Islands was not the most attractive berth and usually the men shunned the experience in favor of assignments in more northern waters, nearer to civilization. But Eldred expected this duty to be followed by a trip home through the Suez Canal. Later, however, when he got back to Manila he found that orders had been changed and he came to San Francisco on board the transport Lawton. After a hunt in the California mountains and visits to interesting coast points the final journey home began on board the supply ship Celtic, from San Francisco to New York, landing in the latter city late in January, just a few days before the expiration of his term of enlistment.

Eldred has increased in stature, and in verdure and, naturally, wears a full grown mustache now, but he still wonders how the small boys of his former acquaintance could have grown to be such big fellows.

The readers of The Bee, who have been deprived of interesting letters from Mr. Davis by the change of his route homeward, are voting for his re-enlistment after a completion of his medical course.

A man who walks for exercise is apt to be as big a liar as a fisherman.

Most of us have a horror of the man who whispers.

FORMER BANKER

W. B. Smith Will Make Good Losses to Bank.

W. B. Smith, formerly president of the Western National Bank of Louisville, will make good losses sustained by this bank on account of bad loans made while he was president. The loss amounted to about \$40,000 and Mr. Smith proposed to turn over real estate to this amount to the bank. When these losses are made good, it is confidently stated by intimate friends of Mr. Smith that the indictments now pending against him in the Federal court will be amended and probably released.

TRAINMASTER M. SEARGEANT

Will be Married in June to an Evansville Lady.

Mr. M. Seargent, the popular trainmaster of this division, will be married in June to Miss Carrie Diller, of Evansville. It is hoped that his example will not be lost on the other officials of the Henderson and St. Louis divisions. Chief Dispatcher W. K. Griffin is said to be the first out.

Special Series of Sermons.

Howard J. Brazelton, of the Christian Church, is preaching a series of sermons on "Christian Union," in which considerable interest is being manifested. The second of the series "The Points of Difference and Agreement Between the Christian Church and the Baptist Church," was preached last Sunday night.

The remaining subjects are as follows:

Feb. 11. "Points of Agreement and Difference Between the Christian Church and the Methodist Church."

Feb. 18. "Points of Agreement and Difference Between the Christian Church and the Presbyterian Church."

Feb. 25. "A Plea for a Plow for Union."

The purpose of these sermons is to promote a better understanding and a greater fellowship between religious people. A cordial invitation is extended to all to attend these services.

Woman's Book Club.

The Woman's Book Club met yesterday afternoon at Madisonville with Mrs. Preston B. Ross. The leaders were Mrs. C. C. Givens and Mrs. Ruby Lafoon. Mrs. Givens' subject was "Manners and Customs of Early Romans." Mrs. Lafoon's subject was "Amusements." The roll-call was responded to by the members quoting "Roman maxims." The current events were unusually interesting. Mrs. Ross served delicious refreshments, concluding a profitable afternoon interesting study. There were present many "ladies fair," but no "warrior bold."

Circuit Court.

Circuit court began the usual grind in Madisonville Monday. Although the weather was cold and a heavy snow lay on the ground quite a large number of people were present. The following compose the grand jury: J. H. Fox, Dolph Morton, W. A. Ford, Jno. McGregor, E. M. Wicks, J. M. Whitsell, W. C. Brown, Jr., W. M. Crabtree, Goodman Davis, Frank Cox, J. C. Beeler and Jao. Cox.

A. Fox is foreman.

Ruby Lafoon and J. F. Dempsey were appointed at a meeting of the bar Monday afternoon to draw up a memorial to the legislature asking that relief be given in the way of a special judge to try cases while the circuit judge is holding court elsewhere in the district. This petition was drawn up and has been forwarded to the General Assembly at Frankfort.

Business Men's Bible Class.

A Business Men's Bible Class has been organized in the Sunday school of the Christian Church, with Judge Chas. Cowell as president and Wm. Phillips as secretary. The purpose is to aid the Sunday school by interesting more men in its work and to promote the social life of all. The class is growing steadily. Howard J. Brazelton is teacher.

It Pays to Advertise.

SHORT LOCALS

W. T. Drake, of this place, has moved his family into one of the Chasten houses.

The new residence of Mrs. Cora Peyton is nearing completion and she will move into it.

Loving hearts and arrows suitable for valentines or tally cards for sale at THE BEE office. Come and see them.

Mrs. McCord has material on the ground for the erection of a new cottage on his lot in Eliza.

The children of the public school were given a holiday Tuesday. Quite a number of them spent the day on the lake.

Mr. and Mrs. Werd Todd will move to the house made vacant by the removal of Mr. and Mrs. Waller Todd to their country home.

FOR RENT—A three room residence newly papered and in good condition. In convenient part of town.

Rev. Dame will preach at the Northern Methodist church on the hill on the night of Feb. 14th. A cordial invitation is extended to all to come out and bear something of interest.

New stock of Oats, Bed Tap, Timoth, Clovers, Stock Peas at FINLEY HARDWARE CO., Madisonville, Ky.

Quite a number of Earlingtonians were out on Loch Mary Wednesday skating. Large fires were kept going on the edge of the lake and the skaters managed to keep warm.

The predicted cold wave has arrived. With the mercury hovering around zero and the lake frozen over it begins to look like we might have a little winter weather yet.

FOR RENT—A three room residence, newly papered and in good condition. In convenient part of town.

Will Brashears of Logan county, came to Earlington Tuesday to take a picture in mine which is understood that he will be engaged with the surveying force in the mines at this place.

FOR RENT—One 4 and 6 room houses on Sebres avenue. Apply to E. G. McLeod, Madisonville, Ky.

M. B. Long and Lee Oldham of this city, left Tuesday for Arkansas and the two on a prospecting tour and also with the view of locating if conditions are right.

There has been such an increase in the sale of the garden, produce and flowers in Earlington, that W. C. McLeod, one of the leading market gardeners of this place, has erected another three room cottage on his "Brookside" farm.

Dave Guest, of Princeton, Ky., was here Monday shaking hands with old friends, en route to Lexington to attend the annual plough horses. Mr. Guest is well known here, having formerly for some years been farm superintendent for the St. Bernard Coal Co.

If you want a loving heart call at THE BEE office and we will supply you.

Lover—Red dehorned cow with long bushy tail and has heavy tufts of hair over eyes. A reward will be paid for information leading to her recovery. LEE ANDERSON, (cont.)

Mr. K. P. Hobgood, formerly car salesman in this place, has accepted a similar position with the A. C. at Marion and will move his family there as soon as arrangements can be made for a house.

Buy your Hardware, Stores, Roofing, Nails, Locks, Hinges, Etc. Prices are right.

FINLEY HARDWARE CO.,
Madisonville, Ky.

Mr. and Mrs. J. M. Victory entertained a few friends delightfully on Thursday evening of last week at 8:00 P.M. The guests were Mr. and Mrs. John B. Atkinson, Mrs. G. C. Atkinson and Mr. and Mrs. Paul M. Moore.

Beware of Quiniments for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the nostrils, it is good to understand that it should never be used except on prescriptions from reputable physicians, as the damage they do to the body far exceed the good they can possibly derive from them.

Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, causing no irritation to the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is also sold at the drug store in Toledo, Ohio, by F. J. Cheney & Co. Testimonials by Druggists, 72c.

Sold by all Druggists, 72c.

Take Hall's Family Pill for constipation.

Mr. Waller Todd and family have moved to their farm near Morton Gap. Mr. Todd picked the coldest day in the year to move in which is good evidence that he does not fear the cold.

He is leading a bridle cow to enjoy walking from Earlington to Morton's leading a bridle cow with the mercury dancing around the zero mark.

Loving hearts are the latest thing. You will like them if you see them. For sale at THE BEE office.

Mr. Tom Robinson and little daughter, who have been here, have moved to Earlington in order to give the little girl the benefit of our excellent school. They occupy a house on Main street, owned by Mr. Robertson on East Main street. Mr. Robertson spends Sunday here with his family.

The season's hit is "My Uncle from Japan."

An account of the ice being sufficiently firm for skating Tuesday, the school children were given a holiday. The students did not dare to go out but were greatly enjoyed and the children were busily engaged throughout the day with sleds and skates.

Syrus Wymee, who works on the Earlington section, had the misfortune to drop a rail on his foot Saturday evening in this place.

Monday. His foot was badly mashed and cut. He was carried to the St. Bernard hospital for treatment and is reported to be getting along nicely.

REMOVAL SALE

On Account of Moving Our

Stock of FURNITURE

In a few days to the store now occupied by the GRAND LEADER in the Dempsey block, we will from now until the date of removal, make Remarkable Cheap Prices on certain classes of goods and furniture that we do not care to move. Call and see us for Bargains.

MORTON & HALL

Madisonville, Ky.

PERSONALS +

One nice furnished room, one large stable. J. T. BARRETT.

For Rent.

Mr. and Mrs. Jas. Keeling and Mr. and Mrs. J. W. Keeling, of Madisonville, are the parents and Mrs. J. N. Smothers of Morton spent Thursday with relatives here.

Mr. and Mrs. Reuben Miles spent Sunday in Madisonville.

Mrs. J. N. Smothers and little son, Robert, of Morton, spent Tuesday with relatives here.

Mr. J. F. Denney and Mrs. W. C. Morrison, of Madisonville, spent Tuesday afternoon with Mrs. John B. Atkinson.

Mr. and Mrs. R. J. McCulley have returned to their daughter, Mrs. A. V. Rutland, of Empire.

Miss Mattie Wilkey spent the day in Madisonville Tuesday.

Miss Grace Hill is visiting friends in Madisonville.

Prof. L. R. Ray, of Madisonville, was here Sunday.

B. H. Howton, of near Dawson, spent Monday night in the city.

Mrs. Sella Turner and Miss Alma Balfour went to Madisonville Sunday.

Mr. Hiram Davis, of Louisville, visited relatives here Tuesday. He was on his way home after a ten-day visit to his mother at Providence.

Claud Wilkey went to Nashville Tuesday.

Posey Littlepage spent Sunday in Madisonville with his mother.

Mr. and Mrs. S. L. Smothers, of near Morton Gap, visited friends here this week.

Mrs. W. E. Kirkwood has returned from Dawson. While there she had a tumor removed from her arm.

Miss Blanche Smith, of Greenup, is visiting Misses Blanche and Jessie Gill.

Stacke, Taylor, of Paris, Tenn., who has been here a few days, visiting friends, has returned to Frankfort. Taylor is a cousin of ex-Gov. Robert L. Taylor.

BIRDS OF SPRING.

Multitudes of Robins and Bluebirds Visit Us This Week.

The "sweet harbinger of Spring" have arrived in their bearings this week or else have been claimed as a species by some considerer of the big blizzard that has swept the country. Several mornings this week multitudes of robins and bluebirds have made Earlington sunrise blithe with their sweet notes and brilliant plumage. But the six-below-zero weather of yesterday morning found these visitors gone, and they have probably gone in search of the groundhog.

Henry Esell and family, of Morton, visited Mr. and Mrs. Bert Sutherland, of this city, several days last week.

How Are Your Kidneys?
Dr. H. C. Sturtevant, Pittsburg, Ill., says:

JAS. R. RASH DONATES TEN THOUSAND DOLLARS.

South Kentucky College the Beneficiary of This Gift.

BUILDING TO BE ERECTED AS MEMORIAL TO HIS SON.

Jas. R. Rash, of this city, has given South Kentucky College \$10,000.

This generous donation not only insures the retention of South Kentucky College on its present beautiful site in Hopkinsville but, with subscriptions of citizens there and elsewhere, makes possible its general enlargement in the way of new buildings and educational usefulness and will place the college among the foremost institutions of learning in Kentucky.

The board of trustees, of which Mr. George C. Long is president, had an intimation recently that a large donation would probably be secured, but the name of the donor was not divulged until Tuesday night when, at a meeting of the board, Elder Hardy introduced Mr. Rash, who presented his check for \$10,000.

The subscriptions that have been paid or promised will be applied to discharge the debt on the college and to restore the building which was partly destroyed by fire November 2, 1905. Mr. Rash's gift is made for a memorial to his son, Jas. L. Rash, Jr., a bright and popular boy, who died in his early youth.

Mr. Rash is one of Earlington's most progressive and public spirited citizens and is always deeply interested in every moral, religious and educational movement.

R. L. JEFFERS

Seriously Injured by Falling Slate.—Arm and Leg Broken and Otherwise Injured.

R. L. Jeffers, who works in No. 11 mine was badly injured yesterday afternoon by a fall of slate, while loading cars, which pinned him to the floor. He was extricated by other miners, and taken to the St. Bernard hospital, where medical attention was given him and it was discovered one leg and arm were broken and he was considerably bruised about the head and face. From last accounts he was getting along nicely.

Look BOYS!

A chance to make EASY MONEY

Have you got the notion it's hard for a boy to make money after school hours? If you know how thousands of boys make all the money they need by a few hours' easy work a week, wouldn't you jump at the chance of doing it yourself? There's no secret about it—these boys sell.

THE SATURDAY EVENING POST

Friday afternoon and Saturday. Some make \$15 a week. All make something—depends on the boy. It won't cost you a cent to try it, anyway. Ask us to send you the complete outfit for starting in business, and 10 free copies of The Post. Send these Posts at 5¢ the copy, and with the 50¢ you make buy further supplies at wholesale price. Besides the profit made on every copy we give prizes when you have sold a certain number of copies. Further,

\$250 in Extra Cash Prizes

each month to boys who do good work. Your chance of getting some of this money is just as good as that of any other boy who sells The Post.

The Curtis Publishing Company, 425 Arch Street, Philadelphia, Pa.

W. J. Burtscher, the noted English League and Sunday school worker of Evansville, Ind., will give a lecture and other services for the benefit of the First Church, South, on Saturday night, Feb. 24th. A cordial invitation is extended to all who desire to attend. The entrance fee will be applied on the parsonage debt and the Methodist church should be glad on this occasion. It will be interesting to all, both young and old and those who miss this entertainment will miss a rare treat. Prices are 25 cents for adults and 15 cents for children of fifteen and under.

You Know What Taking When you take Grove's Teaspoon Chill Tonic, because the formula is plainly printed on every bottle showing that it is simply from nature and in a tasteless form. No cure is ever given.

Miss Carrie Frakes visited friends in Louisville Saturday and Sunday. Mr. W. K. Nisbet visited friends in Madisonville Monday.

Mr. Charlie Barnett was shopping in Madisonville Sunday. Mr. J. D. Todd visited in Madisonville Monday.

Mr. and Mrs. Price of Madisonville, visiting friends here Saturday.

Mrs. Sarah Toombs, of Morganfield, visited friends here Saturday.

Mrs. D. E. Lynn was in Madisonville Sunday.

Miss Linnie Whitfield visited Mr. and Mrs. Ed. Rule Saturday and Sunday.

Henry Esell and family, of Morton, visited Mr. and Mrs. Bert Sutherland, of this city, several days last week.

How Are Your Kidneys?

Dr. H. C. Sturtevant, Pittsburg, Ill., says:

Dr. H. C. Sturtevant, Pittsburg, Ill., says:

TWO DAY'S MORE

Friday and Saturday

Of this week bring our Two Weeks' "QUICK WORK" Sale to a close

MANY and GREAT are the Bargains that have been picked up during this VERY SUCCESSFUL Sale

We thank the people heartily for their liberal response to our proposition, and will say here, we shall inaugurate a **LACE CURTAIN SALE** in the near future that will prove of great interest to all housekeepers, in which we intend showing the citizens something they SHALL NOT FORGET.

Remember, Cut Prices rule until our closing hour Saturday Night.

BISHOP & COMPANY

Madisonville, Ky.

MINING NOTES.

No Eight-Hour Law on Canal.

When the urgent deficiency appropriation bill came up for final vote in the House many members refrained from voting because of the paragraph repealing the eight-hour law so far as it affects alien labor on the canal zone. With one exception the Democrats voted against the bill, but the Republicans abstained. The eight-hour amendment was agreed to by 120 to 100.

Miners and Operators Disagree.

The joint scale committee of soft coal operators and miners at Indianapolis had locked horns by Wednesday of last week over the demand for an eight-hour day and a 12½ per cent wage increase. The proposition to put a 13-year age limit on boys in the mines was, however, agreed to.

On Thursday the convention decided definitely in favor of a strike if an increase in wages is not granted. The operators no less firmly announced their stand against an increase. The convention took steps toward the accumulation of a vast strike fund, a tax of \$1 a week being levied upon every mine in the entire organization. After this action the convention adjourned sine die.

Skeleton Found in a Mine.

Barbourville, Ky., Feb. 5.—While exploring the old Mayes coal mine, one mile from town, workmen encountered a human skeleton within about forty feet of the entry. The mine has been abandoned for seven years. The skeleton was in a natural position and gives no evidence of foul play.

The only union mine in Knox county is shut down on account of a strike over some question concerning methods of loading coal. All the other mines there are working as usual.

The big shaft of the West Kentucky Coal Company at Sturgis, Ky., which has been shut down since the strike of union men, several months ago, is now running with nearly a

full crew of non-union miners, many of them colored. The lower mine of the company also resumed operation this week.

The East Jellico Coal Company, of Pennsylvania, is preparing to develop property to be reached by a lateral extension of the new Cumberland railroad, arrangements are practically concluded and work will begin with the opening of spring.

R. L. Forsythe, of Providence, has decided to abandon his coal mine near the flour mill of Justice and Parish and will make a new opening on the land recently purchased by him from Ross Givens. A shaft will be sunk and a switch run from the new mine to the tracks of the Providence Coal Co. Work is to be commenced on the mine and switch as soon as possible.

Foreman Jim Carroll, of Victoria mines, visited friends here yesterday.

Roland Rich, of Central City, was in the city Sunday.

Mahoney City, Pa., Feb. 5.—The collieries throughout the anthracite region have agreed to operate with full capacity until next April. A number of washeries in the Schuylkill field that have been closed will resume operations this week on full time. The companies expect to add 8,000,000 tons of coal to their storage stock in the next eight weeks.

In regard to that artillery being a hoax, we are forced to say we were mistaken. We do not mean by this that we have lied, just mistaken. For further information we will refer you to Uncle Bob.

Now in regard to that graceful clerk we spoke of last week. There is no such person. As far as he is, we will further describe him as we do not want to be personal. In dress he reminds you of a suit of clothes and a bowler hat. He puts his hair in his middle, sticks his pipe behind his ear and chews gun, and further looks like he had been raising a fire in the cook stove.

Our new clerk we spoke of last week is running a full blast. Dr. Tifford is conductor. You ought to see the Doctor with the rollers on. I tell you he glides over the floor as gracefully as an ox cart.

Also one dollar tax on every dog over three months old for this year. 1906.

This Feb. 1, 1906.

J. T. BARNETT,
Collector.

NEBO'S NEWSY LETTER.

A few days ago, as Ratty Cates, of near here, was returning home from Madisonville and while crossing a bad place in the road, his horses got entangled and fell on Mr. Cates' foot and leg, fracturing the bone and hurting him badly. He had to be hauled home, where Dr. Crow reduced the fracture. He is getting along as well as could be expected under the circumstances but will be laid up for some time. The roads are reported to be in a terrible condition between Mautou and Madisonville.

Prof. H. B. Wheeler's school here completed the first 8 month term last Friday with an entertainment at the town hall. To say his pupils acquitted themselves creditably would not be more than half-expressing it. Little Raymond Walker carried off the palm of the evening, being handsomely encouraged by the audience. He had to return on the second time. His part was entitled, "The Nigger and the Mule." The whole performance was a great credit to Prof. Wheeler and his worthy assistant, Miss Ritchie Key. We hope the Professor will give us another entertainment in the near future.

In regard to that artillery being a hoax, we are forced to say we were mistaken. We do not mean by this that we have lied, just mistaken. For further information we will refer you to Uncle Bob.

Now in regard to that graceful clerk we spoke of last week. There is no such person. As far as he is, we will further describe him as we do not want to be personal. In dress he reminds you of a suit of clothes and a bowler hat. He puts his hair in his middle, sticks his pipe behind his ear and chews gun, and further looks like he had been raising a fire in the cook stove.

Our new clerk we spoke of last week is running a full blast. Dr. Tifford is conductor. You ought to see the Doctor with the rollers on. I tell you he glides over the floor as gracefully as an ox cart.

Also one dollar tax on every dog over three months old for this year. 1906.

This Feb. 1, 1906.

J. T. BARNETT,
Collector.

PARKER'S HAIR BALM
Mild, Non-Irritating, Non-Smelling.
Promotes a Natural Growth.
Useful in Cases of Dandruff, Itching, &c.
Wait to the Fresh Color.
Cure for Baldness, &c.
Should be Used in Druggists.

PROGRAM My Uncle From Japan

Temple Theatre
Saturday, Feb. 17

BY
Earlington Dramatic Club

CAST

CAPT. BORT. RACKET—Of the National Guard, a lawyer when he has nothing else to do, and a star all the time. H. L. BROWNING
OBADIAH DAWSON, his uncle from Japan "where they make tea". J. L. LONG

TIMOTHY TOLMAN, his friend, who married for money, and is sorry for it. A. O. SISK

MR. DALROY, his father-in-law, a jolly co. C. E. WILLIAMS

HOBSON, a waiter from the "Cafe Gioliana," who adds "the coffee is delicious". SHERLOCK HOLMES

CLARICE, the Captain's pretty wife, out for a lark, and up to "anything awful". MISS GEORGIA WYATT

MRS. TOLMAN, a lady with temper who finds her Timothy's vexation of spirit. MRS. W. S. MCGARY

KATY, a mischievous maid. MISS MABEL BROWNING

TOOTSY, The "kid." Tim's olive branch. MASTER BEUFORD WEBB

SYNOPSIS

ACT I—Place, Tim's country house on the Hudson near New York. Time, a breezy morning in September. The Captain's fancy takes flight, and the trouble begins.

ACT II—Place, the same. Time, the next morning. How one "yarn" requires another. "The greatest liar in the world." Now the trouble increases, and the Captain prepares for war.

ACT III—Place, the same. Time, evening of the same day. More "misery." A general muddle. "Dance, or you'll die." Cogitated at last. The Captain owns up. All serene.

Specialties—By F. D. Eash, W. K. Nisbet and members of the Company.

MRS. W. K. NISBET

Musical Director

THURSDAY, FEB. 8, 1906.

Hon. Geo. W. HICKMAN, our neighbor county of McLean, who is President of the Kentucky Senate, was sworn in as Governor pro tem. on Friday last and filled the executive chair during the absence of Gov. Beckham and Lieut. Gov. Thorne on a visit to Chicago. It is reported that the Senator from Western Kentucky fit the big chair as though he had been made for it.

HEAVY TAX ON THE MINER.

A tax of \$1 a week has been levied upon every miner in the entire organization of United Mine Workers of America, for the purpose of accumulating a strike fund by April 1st, at which time the union miners threaten a general strike. If such a program is carried out the union miners have scant time to save a pittance for future support before the strike may be called. Sixty days and less is a brief period in which to lay by for the rainy day after April 1st. Particularly since the \$1 a week Mitchell strike fund assessment must be paid before the savings account can be thought of.

BLIND TIGERS AND UNCLE SAM

Representative Bowie, of Alabama, has brought out some interesting "blind tiger" statistics in the present investigation brought about by the proposed legislation in Congress against the issuance of Government licenses in sections where the selling of liquor is prohibited by state laws. Mr. Bowie showed that in eight States the internal revenue officials had issued 11,870 Government licenses to persons in prohibition districts. Each of these meant a "blind tiger." The deduction is clear that the Government is therefore engaged in the business of breeding this very objectional animal. Mr. Bowie's figures for Kentucky showed 2,070 "blind tigers" fostered by Federal license. Of course there are other "blind tigers" and of course many "bootleggers" do not possess Government licenses. But the Federal Government is responsible for these licensed "blind tigers" and it is certainly time that Uncle Sam should mend his ways and mind the moral example set him by his grandchildren. If the dear old gentleman must have his dreams let him not force them upon all his youthful progeny.

Why Refer to Doctors

Because we make medicines for them. We give them the formula for Ayer's Cherry Pectoral, and they prescribe it for coughs, colds, bronchitis, consumption. They trust it. Then you can afford to trust it. Sold for over 60 years.

"Ayer's Cherry Pectoral is a remedy that has been sold for over 60 years. It consists of 100% pure extract of cherries and 100% pure extract of sarsaparilla. It is not recommended for hot chills and fevers. — MARK E. COHEN, New York, N.Y.

Made by J. G. Ayer & Son, Newark, Mass. Also makers of SARSAPARILLA PILLS.

Ayer's Pills greatly aid the Cherry Pectoral in breaking up a cold.

Don't fail to see "My Uncle from Japan."

Humor and Philosophy

By DUNCAN M. SMITH

CHANCE.

Unto the muse made by chance
The brightest in her womb must dance;
She takes the polished pearl and
Chance ties a bright and polished can.

And when we feel puffed up and strong
Chance plays horse with us right along;

When we have laid our plans to get
The world to move, she pulls them apart;

Chance very rudely comes along
And with the utmost nonchalance

And leaves us hanging by care
And leaves us dangling in the air.

You see a fellow big as noon
He puffed up like a toy balloon.

He thinks his great and majestic brain
Allows him power over every man;

Chance puts him there, and it will call
Some day and hand him out a fall.

We take a flier on the crop
Chance lets the price lets it drop.

We are more in a show;
Chance kills the thing or makes it go.

The wise men tell us in advance;
We are a wife—she gives a chance.

Chance runs the camp, the court, the
grave;

The barracks and the shop store;

Chance makes our plants turn somersaults.

Though at its mandate we may scoff
It shows us just where we get off.

The Coming Airship.

We should hesitate about turning up
our noses at the fat, impotent flying

machine which, though it now sticks
closer to the earth than a poor relation

to a rich uncle, may some day force
us to consider the possibility of it as it

conceals to look down on us.

Tall oaks from little acorns grow,
and possibly tall dignitaries may yet grow

from big, unwieldy balloons. You never
can tell, and even if you did tell

who could swear that what you told
was true?

In only ten years ago that the auto-
mobile picked itself up bodily by the
tires and lifted itself out of the toy
class, and who can tell but what the
flying machine may give itself similar
treatment? Then again, the future
looks like the inhabitants of Africa
when we remember that balloons are
born about in the same state of mind
ever since the memory of the oldest In-
habitants.

Her Specialty.

She continues to make a record pie,
Nor bake a loaf of bread,

Nor put a wash out on the line,

Nor sweep, nor make a bed,

Nor clean the house, nor light

Nor just plain hash prepare,

Nor turn a plate of toast out crisp

Or any other specialty.

No one of these was in her line;

She wasn't built that way.

You'd think the man who married her
Would pay for deliveries pray,

Wait for a delivery man, pray
And bring in thirty per cent.

And that's the reason why the man
Made good eyes in her.

Needed Strong Treatment.

He wants to get out an injunction
against the piano next door."

"Huh! What does he think an in-
junction is anyway?"

"He doesn't know, but he hopes it is
something like an ax."

Warmed.

"Somehow the fish seem to know
when I am coming and get away."

"They ought to. You drop them a

line as soon as you arrive, don't you?"

The Reason.

The dog a bark, says the best advice,

It's much worse than this.

The bark is over in a trice;

The bark keeps up all night.

PERT PARAGRAPHS.

Honesty needs constant boasting

With its possessor is the kind that will
stand watching with both eyes.

Straight talk is what a man can't live

without when he returns home at 2 in the

morning, and what his wife can and

does.

When a widow succeeds in getting a
bachelor segregated and pushed out of a corner he may as well throw up his hands.

It is because the junk man is some-

what particular that more people are

not spirited away mysteriously.

Up to date girls does not kick on

the resolution marriage ceremony. She

simply has her fingers crossed when

she promises to obey.

All science needs now to break

the camel's back is to discover that

the human body is highly explosive.

When words fall a man is usually

in general, on hand, with a supply

large enough for both.

Money Saved is Money Made

Until March 1, 1906, we will allow every person making any purchase at our store an extra discount of 10 percent, provided you will cut out the following coupon and present it at our store when you make your purchase.

This Coupon

Entitles the Bearer to an

EXTRA 10 PERCENT DISCOUNT

On any purchase of goods at our store up to

March 1, 1906

BAILEY & COMPANY,

S. G. HATCH, C. P. A., Chicago.

Don't Send Away For any kind of printed stationery when you can get it done just as cheap at home. The Bee Printery does all kinds of commercial printing on short notice and at reasonable prices. We guarantee to give satisfaction.

Remember us when you place your next order.

E. Wilcox

The signature is on every copy of the genuine Laxative Bromo-Quinine Tablets. We request that anyone who uses it in one day

A FOOLISH PLAN

"It's a joy to eat. I welcome my dinner hour; because it is indeed a pleasure to eat. First! Constipation is the result of indigestion, biliousness, flatulence, loss of appetite, self-poisoning, anemia, emaciation, uric acid, neuralgia and many other ailments that rob life of its pleasures if they do not finally rob you of life itself. 91% of all diseases are caused by a common expression of people who look miserable and are miserable—yet who perish in 'letting nature take its course.' Two simple remedies for constipation could be aided by the use of Green's August Flower, which is nature's own remedy for constipation and all stomach ills. August Flower gives new life to the liver and insures healthy stools. Two sizes, 25c and 75c. All druggists."

In order to cure herself of constipation Mrs. A. B. Hause of East Waltonsontown, swallowed the warm heart of a large rattlesnake, and is now recovering, whether by mere coincidence or otherwise. Mrs. Hause contracted consumption some years ago, and late was confined to her bed and given up by the doctors. She was given a rattlesnake shake cure, and her son purchased a large rattlesnake from a woodsmen; the reptile was killed and the warm heart swallowed by Mrs. Hause. She is now able to sit up.

ITCH—Ringworm.

E. T. Lucas, Wingo, Ky., writes, April 26, 1902: "For 10 to 12 years I had been afflicted with a malady known as ringworm, which was most unbearable; I had tried for years to find relief, having tried all remedies I could hear of, besides a number of nostrums, ointments, liniments, handsoaps, free rates, map folders, etc., call on nearest Ticket Agent, or address R. T. G. Mathews, T. & S. Room 301 Norton Block, Louisville, Ky."

Sold by St. Bernard Drug Store.

The Spaniards are the most expert smokers in the world. A native takes a heavy pull at his cigarette, inhales the smoke, takes up a wine glass, holds it to his mouth, has a platter with three glasses, holds the vessel a foot from his mouth, without spilling a drop, and then with a sigh of satisfaction closes his eyes and exhalts the smoke through his closed mouth in clouds. He will also inhale the smoke, converse for a few minutes in a natural manner, and blow out the smoke.

The Yellow Fever Germ

has recently been discovered. It bears a close resemblance to the malarial germ. To free the system from disease, several of the most effective remedies, Dr. King's New Life Pill, Garanzato to cure all diseases due to malarial poison and constipation. 25c at St. Bernard Drug Store.

The plainest feature become hideously unwarlike when associated with kind feelings and the love of a fine woman, who is linked with ill humor or caprice. People should remember this when they are selecting a face which they are to meet every morning across the breakfast-table for the remainder of their lives.

A man who once had rough, horny hands made them soft and smooth with Witch Hazel Salve, but he used the general that bearing the name E. C. DeWitt & Co., New York. For sores, cuts, burns, bruises, etc., it has no equal, and affords almost immediate relief from blind bleeding, itching and prouding piles. Sold by Jno. X. Taylor.

A mole is usually a creature of very mysterious existence, particularly when it is found on the body of a woman, in which few men can tell. Assembling and dispersing with equal suddenness, it is as difficult to follow to its source as to find the sun in the sky. The parasite abides here, for the sea is not more fickle and uncertain, more terrible when around, more irreconcilable or more cruel.—Dickens.

MORE CHEAP RATES TO

TEXAS

Arkansas and the South-west.

One-way tickets at half fare, round trip tickets at less than one-way fare. From Memphis, Cairo or St. Louis via Cotton Belt R.R.

FEBRUARY 8 and 20.

Stop-overs both ways and 21 days return limit on round trip tickets. Write for map, folder and pick your date and say when and where you want to go and we will give you full information by return mail.

COTTON BELT ROUTE

62 TODD BUILDING

KENTUCKY

HECLA NEWS.

Mr. Wyatt Foard is improving slowly, but still requires the most careful attention.

Mr. and Mrs. Jas. Greer and family are now at their home in the country about two miles from here.

John Stuart has moved into the house with Mr. Fred Cox.

Little Joe Griffin is confined at home with the grippe.

Quite a number of cases of sickness have here been recorded.

Mr. Jo Gross was Tuesday with Mrs. Frank Stote.

Mr. and Mrs. Dave Smith and children spent Sunday at Mrs. A. J. Wilson's.

Croup.

Begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, slight skin irritation. Give frequent small doses of Ballard's Horsehound Syrup (the child will cry for it), and the first dose will stop the croupy cough frequently Ballard's Snow Liniment to the throat.

Mrs. A. V. Vlett, New Castle, Colo., thinks that Ballard's Horsehound Syrup is a wonderful remedy, and so pleasant to take."

Sold by St. Bernard Drug Store.

That is a touching story told of the funeral of Sir Walter Scott: The road by which the procession took its way over the hills could not be seen on either side of the most beautiful of landscapes. It was his habit to pause there to gaze upon the scene and when taking a friend out for a drive he never failed to call the attention of his companion to the most beautiful point of view. Few could refrain from tears when, during the progress of his last journey, the horses stopped at the old familiar spot, as it were, for him to give a last look at the scene he loved so well.

Hot Springs, Ark.

This great health and pleasure resort is best reached via the Iron Mountain Route. Quickest schedule and most comfortable car service from St. Louis or Memphis daily. Now is the season to visit this great resort. Low rates, liberal handshaking, comfortable accommodations, free rates, map folders, etc., call on nearest Ticket Agent, or address R. T. G. Mathews, T. & S. Room 301 Norton Block, Louisville, Ky.

In China the entire family is held responsible for the acts of any of its members and for certain offenses, such as adultery, punishment is inflicted on the families of the offender, all are excommunicated, even to the babe in arms. The teapao, or dean of the village, elected by universal suffrage, is responsible for the conduct of the families of his domain. The subprefect and viceorator are all responsible in the fourth degree. An annual audit and account is laid at the door of the governor or the viceorator, who are "father and mother to the people." About thirty years ago a man was excommunicated by a teapao. As a result 33 functionaries—prefects, subprefects and superintendents—were deposed and responsible and behaved like the governor and treasurer of the province were exiled.

Men Past Sixty in Danger.

More than half mankind over 60 years of age suffer from kidney and heart trouble, namely enlarged heart of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the sign of danger; as it contains a drug that cures many old men of this disease. Mr. Borden: "Benton Rock Port, Mo., writes: 'I suffered with enlarged prostate gland and heart trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have in years past, although I am now 91 years old.'

Andrew Paul, marshal at Girard, Pa., works for the glory of working, and is a good example. For so little cost to the man who pays 50c each New Year to the man who averts him. This leaves him a half dollar to show for his labor. He is required to furnish bond in the sum of \$1,000.

A Healing Gospel.

The Rev. J. C. Warren, pastor of Sharon Baptist Church, Belair, Ga., says: "Electric tasters: 'It's a pain of lame back, stiff joints, and complete physical collapse. I was so weak it took me half an hour to walk a mile. Two weeks of electric baths have made me so strong, have just walked three miles in 50 minutes and feel like walking three more. It's made a real difference. Give me a tonic for weakness and all Stomach, Liver and Kidney complaints. Sold under guarantee at St. Bernard Drug Store. Price 50c."

Iowa has fallen off in population in five years. But why fret? Can't say to the doubter, "You may search me!"

Fresh lot of Bliss' Native Herbs, Oil and Balsam at Geo. W. Figue's next door to Ross' drug store, Madisonville.

Don't deceive yourself. If you have indigestion take Kodol's Honey and Farfall to cure your cough or cold. It stops the grippe and grippe fever, prevents serious results from a cold. Cures the grippe cough and prevents pneumonia and consumption. Contains no opiates. The genuine is in a yellow package. Refuse substitutes. Sold by Jno. X. Taylor, Druggist.

Sold by Jno. X. Taylor.

ZEMO
POSITIVELY
CURES
ANY FORM
OF SKIN
OR SCALP
DISEASE

READ
MR. YOUNG'S
LETTER

E. W. Rose MEDICINE CO., St. Louis, Mo.
STONEFORT, Ill., April 3, 1905.

Dear Sirs:—It is a source of pleasure for me to permit you to use my picture before and after cured by "ZEMO," and to tell what "ZEMO" did for me. I discovered this cure at (Acme) pimples for six years and spent several hundred dollars in various physicians and specialists. The most salve and cream I used, the worse my face became. Mr. Ira Blackman recommended "ZEMO." Eight bottles entirely cured me, and I honestly believe "ZEMO" is the best remedy in the world for any skin disease.

Yours very truly,

Young Young

TOUR EUROPE FREE.

The Courier-Journal to Take Nineteen Young Women Abroad as Its Guests.

The Courier-Journal is conducting a popular contest, which entitles any girl of eighteen to be considered in this section. Briefly, the Courier-Journal proposes to take on a seven weeks' tour abroad 19 young women from Louisville and vicinity, and to pay all expenses paid, from the time the party leaves Louisville, July 12, until it returns to "The Old Kentucky Home" August 25. All expenses will be divided among the girls, and all expenses the Courier-Journal has divided Louisville and Kentucky and Southern Indiana into 18 districts, and each month selects one girl from each district, to be the one to make the tour. The nineteenth young woman is to be selected in another way. Readers of the Courier-Journal are invited to submit guests for the paper, by ballot. It is estimated that the trip alone will cost the Courier-Journal about \$15,000, and that the amount will be offset by other necessary expenses. Write the Courier-Journal, Louisville, Ky., for a list of candidates and full details of the tour.

Lost—One plain gold band ring, between Company store and depot. A liberal reward will be paid the finder by leaving at BEE office.

HORRIBLE DEATH.

Andrew Brooks, a Colored Miner, of the Oak Hill Coal Company Burned to Death

WHILE ASLEEP IN HIS CABIN

Andrew Brooks, a colored miner, who works for the Oak Hill Coal Co., was burned to death last night at 11:30 o'clock. He was seen going to his cabin about 10 o'clock alone. At 11:30 the cabin was in flames and was burned to the ground, despite the efforts of other miners to put it out. The incendiary body was found in the ashes this morning. Brooks had placed his shoes and clothes between the bed and the stove. It is supposed that fire from the stove falling upon the coals caused this dreadful occurrence.

Two dollars and seventy cents in money was found in the ashes. Brooks was a moholot about 25 years old and was 5 feet 10 inches high and came from Palatka, Fla., Va. The coroner was summoned and held an inquest in accordance with the above facts.

signature is on every box of the genuine Laxative Bromo-Quinine Tablets. The remedy that cures a cold in one day.

E. W. Young

Around the Farm

The Selection of Corn.

The corn experts are finally beginning to learn a few things about plain old corn. By selecting ears having long shanks—that is, the branch which connects the ear with the stalk—the length of the shank has been increased nearly two feet in five years' breeding. By selecting ears with tall stocky tillers, the height of the plant is increased almost three feet. By selecting ears from plants with wide leaves the average width of the leaf has been increased. By selecting ears with the proportion of stalks with narrow leaves the width has been decreased. By selecting ears high on the stalk, the average height of the ears has been raised, and by selecting low ears all the ears have been lowered. By taking ears high in breeding altitude, the ears have been greatly enhanced as a feed and by taking ears from healthy, vigorous stalks, planting them separately and presenting them to the market, the acre yield has been enlarged enormously. In ordinary corn growing a large percentage of barrel stalks occurs as well as stalks which produce nubbins and dwarf ears.

A Word to the Wise.

Give the hen meat.

A scint (taunted) spoils the face.

Of course the noted soil has been made ready.

New land or sod land should be plowed at the first opportunity.

The farmer who uses the poorest part of his plow for pasture is like a man who cuts off his nose to spite his face.

You can raise the frame of a calf without milk, but not the picture of a good animal.

Hold the red-hot tongs on a rusty nail to burn it. Heating screws in the same way will make them come easily.—E. B.

Don't leave the plows or other farm machinery exposed to the weather. A little ordinary care now will save money and trouble in future.

Goat's Dope.

To destroy gophers, dissolve strichylon in water, to which the extract of the common vetch has been added. Soak the mixture in a lead pipe three or four kernels down the tube. Repeat every few days until you have the pest eradicated.

Star from Sweet Potatoes.

Dr. Harvey W. Wiley, chief of the bureau of chemistry of the agricultural department, boldly declared that the young roots of sweet potatoes. He says the day will come when the sweet potato will furnish the starch of the world. The possibilities of the yams are far beyond anything at present realized.

Fruitful Orchards.

High, well-drained land is suited for cherries.

Do you believe in fumigating nursery stock before planting?

It does not pay a farmer to raise varieties of apples that have not been demonstrated by long usage to be good.

Do not leave rubbish about the roots of trees whose bark is still smooth and tender. The rubbish is a harbor for mice.

When you are standing in or near trees should be protected from mice by wrappers, otherwise the loss may be very heavy.

Not pile manure close around tree trunks. It makes a fine harborage for mice, and will grow the bark and kill the tree.

Do not set out an orchard of any kind on virgin soil. It will not grow well for some time before being used for the use of fruit trees.

We recently saw a traction engine in a peach orchard pulling out old iron. The engine was a small traction—chain fastened to the top, and the engine walked off with them as a man would pull up a tomato vine!

Pruning Grapes.

Grapes can be pruned any time the vines have fallen.

Frequently no further protection is needed than to tie the vines to the posts.

It is better to tie the vines to the posts than to the ground, as there is less chance of damage to the vines.

Apple Trees and Rabbits.

When rabbits run in the orchard, it is not safe to let young apple trees to grow. If you want to protect them, declare war on the rabbits.

As other food becomes scarce the rabbits are almost sure to bark the trees, especially if there is no snow on the ground. I have seen various preventive recommendations, and, among them, rubbing the trees with soap. I tried this winter, and lost a number of my trees—not only by rabbits, but by birds, bats, and the green worm.

The best thing I have tried is wrapping the trees with common newspaper, folded to three or four thicknesses, and tied with strong ravelings of a tow sack. Expert bands can make the application very rapidly and it seems to be perfectly safe, and you could be sure of killing all the rabbits that would be another good plan.

Jessie X. Taylor.

ENTER'S PLEA FOR DIVORCE

THE COUNTESS DE CASTELLANE SEEKS A SEPARATION.

The Count Weeps, But His Pleadings Are in Vain—May Be Given a Pension

Paris, Feb. 6.—Countess Boni de Castellane (formerly Anna Gould) Monday entered a plea for divorce.

Representatives of the countess and the count appeared before a judge, who, according to the French law, endeavored to arrange a reconciliation before allowing a definite suit to proceed.

It is said that the judge's efforts were not successful and that the suit will progress, but owing to the secrecy of divorce proceedings here, it is difficult to say.

Rumors have been current for a long time that the countess had decided that any continuation of her relations with

COUNT BONI DE CASTELLANE.

her husband was impossible and her removal from the Castellane residence to a hotel in the center of Paris gave support to the belief that she had been separated.

Sensational reports have been circulated with reference to the count's conduct and the name of a prominent society leader of Paris, a woman of very high standing, has been mentioned in connection with the affair.

The count is said to have been recently separated from his wife, but a case of eczema like mine could not be cured; I was told he had got it (eczema) and had to remain in bed for months, with little results. I had read of the Cuticura Cream, which was strongly recommended for the cure of eczema.

I applied the Cuticura Soap, Ointment, and Cream to the affected parts, and after a week, the ointment had gone off, and the cream had taken its place. I am now cured.

After applying the Cuticura Soap, Ointment, and Cream to the affected parts, I am now cured.

George E. Clark, second son of Clarence Clark, was fatally injured yesterday morning while working at the coke works loading slack coal from railroad cars.

A loaded car was dropped down to bump an empty out of the way. Tillman, Clark, an older brother to Clarence, was "riding the brake" on the loaded car. The empty car started rolling after the impact, but, on account of the cold, stopped after moving a short distance. Clarence thought both cars were still moving and tried to pass between to check a wheel on the other side. He was caught between the drawheads and crushed through the hips and lower abdominal region. He was at once removed to his father's home and surgeons were immediately summoned. Everything was done to save him, but to no avail.

The injured boy died about last midnight after much suffering.

Clarence Clark was a member of the M. E. Church, South, and a noble Christian boy, whose footsteps rarely, if ever, strayed from the straight and narrow path of Christian duty.

SPECIAL LOW RATES.

To all points in Montana, Idaho, Washington, Oregon and British Columbia, February 15th to April 1st, 1906. Round Trip Home-seekers' Tickets on all roads daily, at reduced rates. WANTS HER DOWER RIGHTS

Attorney Reported Preparing Big Contest for Mrs. Mary Adelaide Moore Verkes-Mizner.

Chicago, Feb. 4.—Attorney Clarence Knight, former counsel for Charles T. Yerkes, it is reported, is preparing for a big will contest.

Mrs. Mary Adelaide Moore Verkes-Mizner, widow of the traction promoter and bride of the youthful Christian Wilson Mizner, contemplates a fight to secure her dower rights in the \$15,000,000 estate, instead of a meager \$200,000 cash and a life interest in one-half of the property, as provided by will.

Louisville, Ky., June 15, 1901.
Dr. E. W. Hall, St. Louis, Mo.—
Dear Sir: I am a sufferer of age, and have suffered 25 years from kidney and bladder trouble, and since taking less than one bottle of your Texas Wonder, I have been cured. I have passed twenty-five years. I am glad that I am almost cured, and can cheerfully recommend you to the public. Yours very truly:

H. C. THOMAS, 620 Third ave.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery cures all kidney and bladder trouble, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism, all forms of gout, arthritis of the kidneys and bladder in both men and women, regulates bladder trouble in children. If not sold by your druggist, will be sent by mail on receipt of \$1. A small bottle is two months' treatment and seldom fails to perfect a cure. Dr. E. W. Hall, 620 Third Avenue, P. O. Box 620, St. Louis, Mo.—Send testimonials. Sold by all druggists. This remedy is for sale by all druggists and St. Bernard Drug Store.

DECLARE FOR A LOCK CANAL

Report of Isthmian Canal Commission Submitted to Secretary Taft.

Washington, Feb. 4.—The report of the Isthmian canal commission, recording its decision in favor of an 85-foot level lock canal, was submitted to Secretary Taft yesterday. The report is accompanied by the report of the board of engineers, the majority of which de-clared for a sea-level canal.

It will now be for Secretary Taft to express his own views upon the great project in an indorsement when transmitting the papers to the president.

ADMIT THEY ARE MARRIED

Mrs. Verkes and Mr. Mizner Call in the Reporters and Tell Them It Is True.

New York, Feb. 3.—The recent Mrs. Charles T. Yerkes, worth \$500,000, has called in the reporters to tell them she is married. She is a widow in this city at noon Friday, and, standing at the top of the stairs and, leaning over the banister said: "Well, I'm glad to see you all except to say I am happily married." Yates, attorney for the couple, said: "I have no record of this for my papers. But please don't say that I am 80 years old."

Then Mr. Mizner said: "Now there isn't anything more to say, I am tired and sleepy, and am going to bed."

The certificate of marriage was filed Friday with the bureau of vital statistics.

FOUR MET DEATH IN A FIRE

Father, a Day-Old Babe, and Two Other Children—Mother Escapes Through Window.

Prentiss, Wis., Feb. 4.—Fire, resulting from the explosion of a lamp in the home of Gran Stewart, Saturday evening, destroyed the house and cost four lives.

Mrs. Stewart broke through a window and escaped. Her husband, a baby was buried in the ashes, two other children were burned to death. Mrs. Stewart suffered severely from exposure to the cold and may die.

Wife Have Witness Barred.

Boston, Feb. 5.—A movement has been started here by national officers of the W. C. T. U. to obtain Miss Alice Roosevelt's co-operation toward barring wine from her wedding breakfast.

Suicide of Rev. George H. Simmons, of Peoria, Ill., Following Revelations Affecting His Morality.

Peoria, Ill., Feb. 7.—Faced with ruin and disgrace because of revelations made during the past two or three days concerning his private life, Rev. George H. Simmons, pastor of the First Baptist savings bank, president of the Interstate Savings bank and the People's Savings bank, manager of ex-Gov. Yates' senatorial campaign for Peoria county, committed suicide at his home on the East Side by swallowing cyanide of potassium.

Last Saturday complaint against Dr. Simmons was made to the state's attorney, following testimony by members of the Boys' Brigade, at a church investigation.

Saturday afternoon he was advised by the pastor of the church to leave Peoria because of the reports against his character and his seeming inability to make a proper defense.

He had been a persistent advocate for reform in politics.

From time to time on both banks of which he was president, and Tuesday morning the People's Savings bank did not open its doors.

The People's savings bank has liabilities of \$115,000 and assets variously estimated from \$75,000 to \$100,000, principally in real estate.

Officer of the bank refused to give out any statement of the result of the investigation of the bank's condition other than to firmly insist that the bank would be solvent. Under too low a partnership is dissolved by the death of Dr. Simmons and the affairs of the bank must be wound up in the probate court.

No proof has been produced to show that he "suicide was a deliberate although the secrecy maintained by the officers of his private bank had led to much uneasiness. Mr. Simmons had been a man of high character and it is not expected to run above \$30,000.

His interests in the interstate bank was but \$1,000. The interstate bank suffered withdrawals of \$20,000 Tuesday, but paid all demands.

Wreck On the Missouri Pacific.

Falls City, Neb., Feb. 7.—Passenger train No. 106, going north, collided with a freight going south at three o'clock Tuesday morning, one-half mile south of Sterling, a small station between Falls City and Verdon, on the Missouri Pacific road. M. A. Anderson, of Omaha, was killed and several trainmen injured. No passengers were injured.

COLORED COLUMN

EDITED BY J. R. ROBINSON.

Bishop G. W. Clinton preached for Rev. Smith's congregation at the A. M. E. Zion on the last Sunday in January and was well pleased with the progress of said church. Collection for general fund was \$25. Rev. Smith has divided his interdenominational club in the same manner for the church. Excelsior Club (No. 8), Wm. Hines captain, has selected the following dates for entertainments: Feb. 10, candy pulling, free door; Feb. 28, cracker eating, apple ducking and the tallest male, admission 5c. March 15 will give singing and dancing an entertainment to be given in honor of the pastors of our town; April 7, a balloon ascension and preparing for Easter.

There will be a special program prepared for the Christian Endeavor for Sunday. The public is invited to come out.

Mr. Will Hutchins, after making a trip to Tennessee to see his mother, came by and stopped off with his daughter a few days last week, after which he returned to Louisville, his mother's home.

Mr. Will Morrison, who has been sick for the past week, was visited by his brother, George Morrison and wife, of Madisonville, during his illness. We were glad to see him out Sunday.

We are glad to note that Mrs. Laura Foster, who has been very sick for some time, is again better.

Mr. and Mrs. Sebree, of Pembroke, visited their sons, Haye and Mack Sebree, Sunday.

We are very sorry to note that Mr. and Mrs. John Maxwell lost their home by fire, but are doing on Feb. 4 about 2 a. m., but the Lord grants and the Lord takes away; blessed be the name of the Lord.

Rev. Keaton's subject all o'clock Sunday: "Think on This Way." It was well prepared and logically discussed.

Brothers Robert Welch and C. C. Carter preached for Rev. Wm. Ross Sunday at 10 o'clock and J. R. Robinson at 5 p.m.

The entertainment given by Prot. Garrett and Brother Miller's club in the interest of the A. M. E. Zion church on Sunday Jan. 31 and Feb. 14 proved to be a success.

Mrs. W. F. Riley, who has been visiting her father in Springfield, Tenn., for some time, has returned home.

Mrs. Tony Morris and wife visited his sister, Mrs. Wm. Ray, Feb. 8, and a reception was given in their honor Saturday night by Mr. and Mrs. Lee Quillen, Mr. and Mrs. Moore, and others. The reception was a grand time.

We are very sorry to note that Mr. Sam Tucker lost his little girl last week by the hand of death. The body was sent to his home for burial.

We are glad to note that Mrs. Molie Erim, who has been sick so long, is improving very much now.

Mr. and Mrs. Weilohr and others were here Saturday evening, Anna Johnson at Hazel Sunday eve.

Subject to be discussed in the Christmas Endeavor Sunday is: "How to Conquer Temptation," also the election of officers.

We are informed that Mr. Sam Ledford, Sr. has been very sick and is still on the sick list.

Mr. John Tucker, who has been sick for some time, is able to be up again.

We are very sorry to note that Mrs. Hester Brown had her baby to catch fire and burn very badly last week.

Mrs. Winnie Grissom, of Barnesley, is here staying with her aunt, Mrs. W. T. Fallek.

Sick are Mrs. Boggs, Wm. Johnson and Mrs. Kennard.

"A little nonsense now and then relishes by the wisest men."

AN EVENING OF FUN.

A Valentine social will be given at the Zion Methodist Church Feb. 14 under the auspices of the Wide Awake Club.

Make-ups are in order.

Laughing Water, Neisha, Penske, Manengro and others will see that you are dressed and that the evening is well spent.

Games and other amusements of various kinds will help you while away the meeting hours.

A series of talks which will entitle you to supper will be in the hands of Pauline Garrett and Ora Lee. Buy from them and help the little girls in their endeavor to get the money needed to carry out the plan offered to the one selling the larger number of tickets.

Prizes will be given the most good lady, most popular lady. Have your friends come out and vote for you.

Don't miss the date.

The public is cordially invited.

MRS. E. M. SMITH, Captain.

HECLA NEWS-COLORED.

As we did not have any news last week we are compelled to say that Rev. N. Mitchell, of Madisonville, passed away Saturday evening here Sunday before last. He was accompanied by his wife and little son. While here they were the guests of Mr. and Mrs. Sam Eaves.

We are still holding a nice Sunday school at present.

Mr. and Mrs. Shell Thomas and family, of Olmstead, are here visiting their parents, Mr. and Mrs. Sam Quillen.

Mrs. Sadie Argus has opened up a subscription school. She has a very large attendance and the children are going fine.

Mrs. Georgia Eaves is somewhat improved this week.

Anyone having news and wanting it published always bring it to us on Monday morning, as we have before stated.

Drug Talk

Sooner or later there comes

a time in the life of every man, woman and child when drugs or medicine of some kind is a necessity. When that time comes to you, go to the

St. Bernard
Drug Store,

Where the purest and best drugs in the market are kept. Prescriptions are promptly and carefully filled at all times. We also handle a line of Paints and Oils, Cigars and Tobacco and everything usually carried in a first class drug store.

Bryan Hopper, Mgr.

LOCOMOTIVE BLASTS

The Illinois Central Railroad Company has contracted for grading a belt line road from the Tennessee Central division, traversing the Southern part of Hopkinsville and connecting with the L. & N. This means about \$50,000 worth of other improvements at once.

Several express cars for the Florida East Coast Railway passed through here last week, enroute to Jacksonville, Florida, and Hillman, where they had been constructed. They differed from the cars in use on this division, the length being greater, and were built for handling the fruit and vegetable crop of the state.

Another wire has been run in at the depot here, on account of the heavy work one operator was compelled to do. Instead of one man having both north and south end business to handle, an additional operator is added, night and day, dividing the division into a north and south trick. Operator Jas. Sanders, who has been on nights for some time, has charge of the north end during the day.

Operator Bell, of Somersett, Ky., succeeds Operator Jas. Sanders on the south trick at nights. This place is filled by Operator Pat Duffy in the day time.

Operator Cravens, who has been stationed at the north block at Fleming Curve, is working at the depot nights on the north end.

A switchman in the yard here who is popular with his fellow employees and universally liked by all that know him, received a shower bath in the north end of the yard last week. It remains for the Henderson division boys to learn who he is and how it happened.

With the interurban service inaugurated between Erin and Nashville, Tenn., there are now 22 trains scheduled on the south end between Guthrie and Nashville every 24 hours. This is running trains some and if business continues good it will be only a short time until the Henderson division will run trains every hour.

The Government cattle quarantine lines closed last week and the cattle movement in Tennessee and other Southern States will be restricted until the opening of the lines again next fall. The line runs through Tennessee, cutting the State from east to west. Most of the cattle that were to move North for stock and feeding purposes this winter have been shipped, but many large herds are yet to go for immediate slaughter. Cattle can be shipped any direction for immediate slaughter regardless of the quarantine lines, but none can be shipped North for other purposes until the next "open season."

The four railroads entering Nashville have agreed upon a rate of one and one-third fare to Nashville on account of the engagement of Mme. Calve, of Feb. 15, and for "Ben Hur" the week of Feb. 19. It is understood that a similar rate will also be made for the engagement of Madame Bernhardt on March 8. The dates of sale, however, have not been announced. It is expected that several persons of this city will take advantage of the cheap rate and attend "Ben Hur."

Dispatcher R. C. Mason has severed his connection with the L. & N. and will go to Mt. Pleasant, Tex., where he will work for the Cotton Bell Ry.

Work has commenced on the south yard extension. Cars of slag are being emptied next to the track and alongside the main track and when this is raised to the necessary height additional tracks will be laid. The material used in this work comes from the old clum banks near No. 11 mine.

Yardmaster Joe Fortner, of Hopkinsville, visited friends in this city Sunday.

Dispatcher Wood, for a month in charge 2nd trick on north end, has tendered his resignation and will shortly leave to take a similar place with the Northwestern. Mr. Wood has made friends with our people, who join THE BEE in wishing him success.

Conductor J. B. Holcomb of this division, has tendered his resignation and will seek employment in other fields.

Dispatcher N. H. Wharton, who has been absent in Virginia for several weeks, has returned to Earlinton and will work 2nd trick on north end.

Dispatcher E. M. Orr is one of the linchpins men on this division. He always manages to keep his trains moving, keep out of trouble and this week drew the \$100 diamond offered by Kruckeymire & Cohen, the Evansville jewelers. No. 16,720 was the lucky number.

The L. & N. is laying a long siding at Hopkinsville north of the river.

On account of the heavy increase in the chief dispatcher's office at this place Mr. Griffin has asked for a clerk and stenographer. The office will likely be filled in a short time.

The 1st trick dispatchers were quite busy Tuesday morning. The batteries were frozen and refused to work until Dispatchers Featherstone and Brooks thawed them by appliances of red-hot poker and boiling water.

Ties are being placed along the right of way between Earlinton and Barnsley for the double track.

The contractor's yard is just as present at a standstill on account of the exceeding cold weather. The contractors expect to resume work, however, as soon as the weather will permit.

Dispatcher Carroll A. Moore this week purchased from Mrs. O. P. Webb, of Nashville, a residence on Railroad street. Mr. Moore expects to add considerable improvements in the near future.

Dispatcher Ed. Martin and wife are on a trip South. They expect to be gone several days. Copier Davidson is filling the place of Mr. Martin and Operator Bell is in the place of Davidson.

Operator Hoffman is working down stairs in place of Operator Bell, who is copying in the dispatcher's office.

Friar's Honey & Tar.

Foley & Co., Chicago, originated Honey & Tar in the throat, lung and bronchial departments of the market and popularity of Foley's Honey and Tar many imitations are offered in the generic name. These worthless imitations have a misleading name. Beware of them. The genuine Foley's Honey and Tar is in a genuine package. Ask for it when you buy. It is the best remedy for coughs and colds. Sold by Jno. X. Taylor.

Foley's Honey and Tar heals lungs and stops the cough.

Ashby & Livingston THE GROCERYMEN

Is Disease a Crime?

Not very long ago, a popular magazine published an editorial article in which it was written, in substance, that all disease should be regarded as criminal. Certain it is, that much of the sickness of the human race is due to violation of certain of Nature's laws. But to say that all sickness should be regarded as criminal is to do every reasonable individual as radically wrong.

It would be harsh, unmerciful, cruel, yes criminal, to condemn the poor, weak, over-worked housewife who sinks into a long, painful illness, and buries and suffers from weakness, various displacements of pelvic organs, etc., due to the carelessness of her sex.

Frequent changes of children, who are subjected upon the system, coupled with the care, worry and labor of rearing a family, often bring about serious derangements and debility which are manifested in the many diseases of the heart and lungs, and in the kidneys and liver.

The mother is called upon to perform Dr. Pierce's "Prescription" for the poor, over-worked housewife can not get the rest she needs, for many household chores and labors are required from the use of his "Prescription" its full benefits. It is a well known fact that the use of Dr. Pierce's "Prescription" is the best and most effective treatment in these cases, to the great relief of the patient by reason of the patient's inability to obtain rest and care which would be necessary.

With those suffering from protracted feverishness and revulsion of the uterus or ovaries, Dr. Pierce's "Prescription" is very necessary that, in addition to taking Dr. Pierce's "Prescription" for the cure being very much, or for long periods, on account of the debilitated condition of the body, any kind should also be avoided. As much outdoor air as possible with moderate, light exercise is also very important. Let patient observe strict rules and the "Favorable Days" for the cure.

Dr. Pierce's Medical Adviser is sent free on receipt of stamp to pay expense of postage. Dr. Pierce's "Prescription" is advanced two years ago in the "Journal of the American Medical Association" and in "The New York Medical Journal." This remedy acts on the mucous membranes of the throat and lungs and loosens the bowels at once and cures the disease. It expels all cold from the mucous membranes, relieves coughs, colds, croup, whooping cough, etc.

Sold by John X. Taylor, Druggist.

Fifth Lesson.
Some people may derive it
And deprecate its chase,
A dollar is a handy thing
To have about the place;
Of course the sum is limited—
That's always understanded—
With which is that drawback—
It does not prevent good.

A dollar in your pocket;
A fine spot adds more color;
With few words, hands are white;
With twenty you feel cocky
And certain of your worth,
And make the world a better place;
At once you own the earth.

Breathes, if you're the neuter
You are not rated shy.
The world will always turn around
For you, and you'll be the chief;

And, more than that, the ladies
Begins to be will sing
And in time that you are just
Too cute for anything.

It's handy to have money,
At least enough to do.
We need it in our business
And in our home, too.
We need it in the household,
We need it on the car,
And it might help a family.
Though we were up in Mars.

Breathes, if you're the neuter
You are not rated shy.

The world will always turn around
For you, and you'll be the chief;

And, more than that, the ladies
Begins to be will sing
And in time that you are just
Too cute for anything.

It's handy to have money,
At least enough to do.

We need it in our business
And in our home, too.

We need it in the household,
We need it on the car,

And it might help a family.

Though we were up in Mars.

"BEN-HUR"

To be Staged in Nashville, Tenn.

When Klaw & Erlanger's colossal and brilliant spectacular production of "Gone With the Wind" "Ben-Hur" was staged in Nashville two years ago, it created a veritable furor in this vicinity and hundreds journeyed there to witness the scenes. Now, the announcement is made that "Ben-Hur" is to be again presented in Nashville the week of February 19, 1910, with matinees Wednesday and Saturday in addition to the six evening performances. It is more than probable that the same interest will be manifested.

The management of the Vendome Theatre, Nashville, will give commendable attention to all orders for seats though the main provision is made for those who prefer to sit in boxes accompanied by a companion.

The sale of tickets starts on February 15, all orders should be filed prior to that date. The price ranges from 50 cents to \$2.00. All railroads entering Nashville are to make low excursion rates for those desiring to attend this performance.

CASTOR OIL.
The Kind You Have Always Bought
of Chas. H. Fletcher

Nearly all men are tolerable if the is in the right direction.

There are people who won't eat if they had to sit before they could eat

If some of our friends would actually praise us we would be apt to fall dead.

—

Sauce for the goose isn't necessarily sauce for the gander. They may not be the same kind of sauce.

There are people with whom a soft answer is not half as effective as a bat the head.

Rag chewing is not rag time music. Rather it is the chin variety.

Don't waste time teaching a girl baby to talk. Let her alone and she will learn.

Fear of public opinion is all that keeps men from following off a hand.
